DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. The omitted steps are: patterning the first resist with a first pattern prior to depositing a second resist over the first resist.

Allowable Subject Matter

3. Claims 2-6 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
4. Claims 7-17 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter: Prior art fails to teach the step of transferring the first pattern to the first conductive layer and the second pattern to the second conductive layer in a method of patterning metal layers.
